For Governor,

of Providence.

JOHN J. REYNOLDS,
of North Kingstown.

For Secretary of State,
WILLIAM R. WATSON,
of Providence.

For Attorney General,
CHRISTOPHER ROBINSON,
of Cumberland.

For General Treasurer,

For Congress.

EASTERN DISTRICT.
NATHANIEL B. DUFFEE,
of Tiverton.

IF We place at the head of our columns this morning the nominations of the Whig Conventions which were held in Providence on Wednesday. The present State Officers have been re-nominated, and are now before the Whigs of the State as candidates for their votes. All these gentlemen have discharged the duties of their respective offices, during the past year, in an able and satisfactory manner, and they are therefore again entitled to the votes of all Whigs. We are aware that many Whigs have broken from the party and joined the Know Nothings. The last named party will have but a brief existence, and the old party lines will then again be drawn the same as formerly. Many Whigs who have now deserted their party and gone into the enemy's camp, will then regret their action, and will most likely that they ever repented with, or participated in, this two great parties in this country, the Whigs and Democrats, or, rather, Conservatives and Radicals. Occasionally these two great parties will become in a measure broken up in consequence of internal quarrels, or by some other cause, and a third party, composed of disaffected men who imagine themselves to have been badly treated by their respective parties, will create some new and for a while popular issue, and pretend to be pure and immaculate, and determined to manage the affairs of the nation better and more honestly than other parties have previously done, and they will sweep all before them as the Know Nothings have thus far done. But yet, these men are but human; they have the common weaknesses of humanity—the same common ambition for offices of honor and profit as politicians generally, and the same willingness to "serve their country when their country calls for them." Again we say that this new organization will be the creature of a day, as it were, a short-lived and sickly child.

We nail the good old Whig flag to the mast, and fight under it as gallantly as ever, with the proud consciousness that we are discharging our duty manfully and honorably, and that we are still true to our party and its principles, even though the prospect may be gloomy and unfavorable; a brighter day will come speedily, and the true and faithful Whigs will then feel an inward satisfaction which cannot be described. Let no Whig abstain from going to the polls from the belief that there is no chance of success; no one can tell what the result of the election positively will be. When the party is strong and sure of success, your vote is not so much needed, but now is the time when we require every vote. Let every Whig do his duty, and vote for the party candidates.

A Whig State Convention was held on in Providence on Tuesday. Hon. Henry Y. Cranston was chosen Chairman. The present incumbents were re-nominated.

A Congressional Convention for the Eastern District was held on the same day. Charles Akerman, Esq. was chosen Chairman. The Hon. Nathaniel B. Duffee was nominated for Congress.

In the Convention for the Western District, it was not deemed advisable to make a nomination, and the Convention adjourned.

It is said that the Know Nothing Convention in Providence manufactured a new oath on Tuesday; they have drawn the wires tighter, and mean to hold every member of the Order down to the ring-bolt; go on, gentlemen, with your extra-judicial outbursts, but you cannot hold on to all; we tell you there will be bolting.

Previous to last Tuesday, for some months past, it was first whispered around and then boldly asserted that there were Know Nothing organizations in this State; yet no one knew. No man would acknowledge that he belonged to this secret political order. It has been well known that one of the rules of the order require that a man must be a member before he can receive the nomination and support of the Order. Therefore, on Tuesday last, the people of Rhode Island ascertained positively, for the first time, that there were at least seven real, genuine live Know Nothings in the State, and here they are, William W. Hoppin, Anderson C. Rose, John R. Bartlett, Charles Hart, Samuel A. Parker, Nathaniel B. Duffee, and Benjamin B. Thurston. There can be no possible mistake about these gentlemen, because they are the Know Nothing men, and, as we said before, Sam never nominates a man for office unless he is of his mysterious household.

In regard to the candidates we have but few words to say. Gov. Hoppin is well known to the people of the State, as our present Governor, and has discharged his duties to the entire satisfaction of all. He, as is well known, is a Whig.

Anderson C. Rose, of New Shoreham, is not publicly known, except as the Senator from Block Island during the past year; he is a young man, and is now prosecuting the study of law with B. F. Thurston, Esq., in Providence. Last winter when important questions came up in the Senate he frequently dodged, probably to escape the responsibility of voting. All hail, old Block Island! She has produced some great men, at least in their own estimation, and now she is to be rewarded, not only for this, but also for her well-known and incorruptible integrity at all elections, by having a Lieutenant Governor. Mr. Rose is a Democrat.

John R. Bartlett is an accomplished man. He was the Commissioner on the Mexican Boundary, and discharged his duties in an able manner. He is a Whig.

Charles Hart is a young man of good talents; he is cool and self-possessed, and will be vigilant in the discharge of the duties of his office. He is a Whig.

Samuel A. Parker is well known in this community. He is an intelligent man, of stern integrity, is a fine penman, and will make a good Treasurer. He is a Whig.

Nathaniel B. Duffee is a plain, practical man, of good sound common sense and will be attentive to the interests and wants of his Constituents. He is a Whig.

Benjamin B. Thurston is well known to the people of the State, having been in the Legislature. He is a Democrat.

The nominations are not satisfactory to Sam's numerous family. There is something rotten in Denmark; there is a terrible kicking among the faithful. The result of the election will be funny, for there will be extensive scratching on that Know Nothing State ticket. Mark our prediction.

To your tents, O Israel! There is terrible quarreling among the Know Nothings in this city; they are all by the ears, and curse each other like pirates. It is strange, gentlemen, that you cannot believe better; remember your cradle song, that "Your little hands were never made To scratch each others' eyes."

A fight may be anticipated at almost any time, and the Police will probably have to be called in. The Mayor is near by Sam's Council Chamber, and we trust that he will be speedily on the spot to read the Riot Act. Fortunately, the Watch House and Jail are also in the vicinity of the old Distillery. When the grand fight comes off, notice will be given by the rapid ringing of the bell on the City Hall.

On Wednesday night about 12 o'clock, Watchman Stoddard found a man lying in front of a house said to be of ill-fame, in Spruce street; he was only about half clothed, and was in a beastly state of intoxication, or else he had been drugged. He was taken to the Watch-house in a wheelbarrow; had he not been found at the time, he would probably have frozen, as the night was very cold. We learn that this is the second time recently that men have been found in this condition in the same neighborhood. The authorities should see to the matter.

The poor Democrats and Maine Law men who joined Sam's army each for the purpose of having their own way, have been treated in a rascally manner by the Whigs and Anti-Maine Law men; the latter have got the oysters, and given the former the shells, the Whig and Anti-Maine Law portion of the organization have got nearly all the offices that are worth having. The Democrats and Maine Law men have been awfully sold, body, boots and pantaloons. Vice a humbug.

In the Know Nothing Convention in Providence Samuel A. Parker received the nomination as candidate for General Treasurer, by 13 majority over Gen. Wilbur.

By particular request the lecture delivered last week by Mr. Bordick, on the Nebraque question will be repeated tomorrow, Saturday, evening, at the State House, at half past 7 o'clock.

On Thursday evening last, delegates from Massachusetts instituted Rhode Island Camp, No. 1, of the Order of United Sons of America, at Middletown, near Newport. The citizens who formed the Camp are of the right stripe, and they will render a good account of themselves at the next election. So says the Boston Bee.

We learn from a friend in Providence that the Know Nothings there are kicking savagely against the nominations of their party; there is rich music ahead.

It is stated that Col. Steptoe has sent a party to explore a new route from Salt Lake City to California, which will shorten the distance to be travelled some two hundred and fifty miles.

INSULT AND REBuke.—A Mormon Elder was invited to officiate as chaplain of the California Legislature at the opening of a morning session. The Rev. Mr. Shuck, Baptist, of Sacramento, had been invited to officiate in the same capacity, whose feelings are expressed in the following note which he addressed to the Legislature: "I am now precluded from accepting the invitation you have extended from the fact of the Assembly having, by a large vote of yesterday, acknowledged the Christianity of that daring imposture of systematized and continuous called Mormonism. And with it or its 'elders' I can have no religious affinity, sympathy, fraternity, or intercourse. I claim for myself, individually no superiority in righteousness over other men; but, as a Christian minister, I do claim for Christianity a superiority over every other religious system on the face of this whole earth; and as to Mormonism itself, I regard it as a diabolical to the one living and true God, a libel upon Christianity, a disgrace to the philosophy of human progress, and a bold insult to the intelligence of the nineteenth century."—Presbyterian.

Communion of Phelps's Sentence to Imprisonment for Life.—As was generally expected, Governor Clark has commuted the sentence of this miserable criminal to imprisonment during the remainder of his natural life in Clinton prison, and an order to that effect has been issued.

This act of Executive clemency will meet with favor and general approval, for the existing doubt as to the sanity of Phelps's mind at the time he committed the deed, (and which we learn was the principal ground for the commutation) has caused much interest in his behalf, and led to numerous requests from disinterested parties.

Upon being informed of the above fact, Phelps said "Good," and a moment afterwards inquired "if there was a machine shop at Clinton?"—*Albany Argus*, March 28.

A nice Question, whether or not strong beer comes within the meaning of the Anti-liquor law has been raised in Portland, Maine. Among sundry liquors seized in certain premises, were a barrel and two half barrels of strong beer; but the counsel for the defendant contended, that although beer might contain intoxicating properties, still it was not intoxicating in itself, like rum, brandy, &c., and therefore did not come within the meaning of the statute provision against mixed liquors. The Court thought the question of some weight, and suggested that Yeast might be as liable to seizure as strong beer. The decision has not yet been given.

Death of a Wealthy Citizen.—William R. Rodman, one of our wealthiest and leading merchants dropped suddenly dead in this city last evening. He was in usual health during the day, and it is the opinion of physicians that his death was occasioned by a disease of the heart. Coroner C. D. Burr, Esq., has summoned a jury of inquest who will investigate the case this afternoon. Mr. Rodman was possessed of immense wealth, owning besides his very large property in this city, extensive estates in Fall River, Philadelphia, France and Australia. He was undoubtedly the wealthiest man in our city at the time of his death, and one of the richest in the State.—*New Bedford Standard*.

A few days ago, quite a curiosity was brought up from the artesian well in Livingston, Ala. At a distance of 335 feet below the surface and over 300 feet in the rock, an egg was found, completely petrified, and perfect in shape, save where the auger had defaced it a little.
